

The Canvas App for Android

How to download the Canvas app to your Android phone

Open your Android phone and tap the Play Store icon

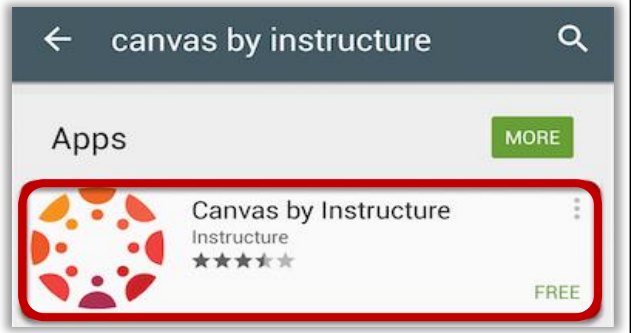

Open the Play Store search by tapping the search icon on the top right hand side

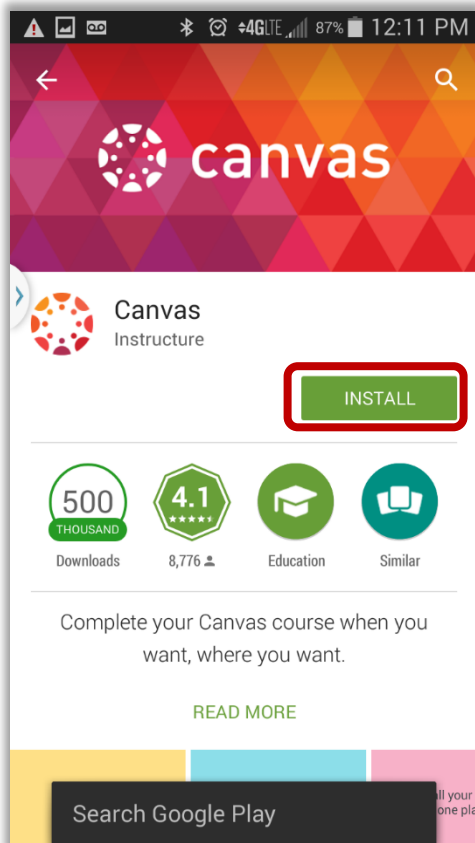

In the search field, type Canvas by Instructure

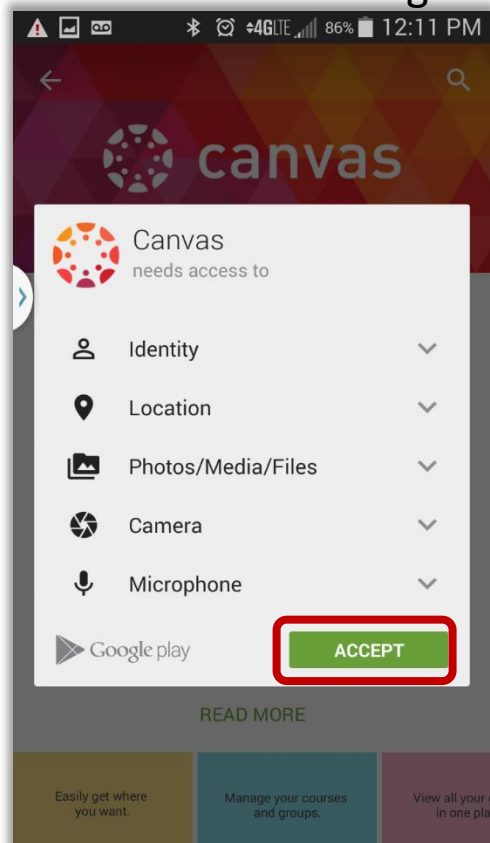

Tap the full name when it appears.

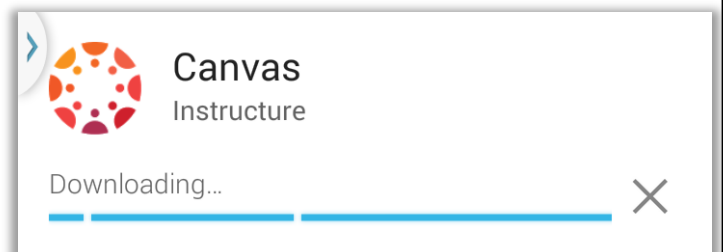

Tap the Install button

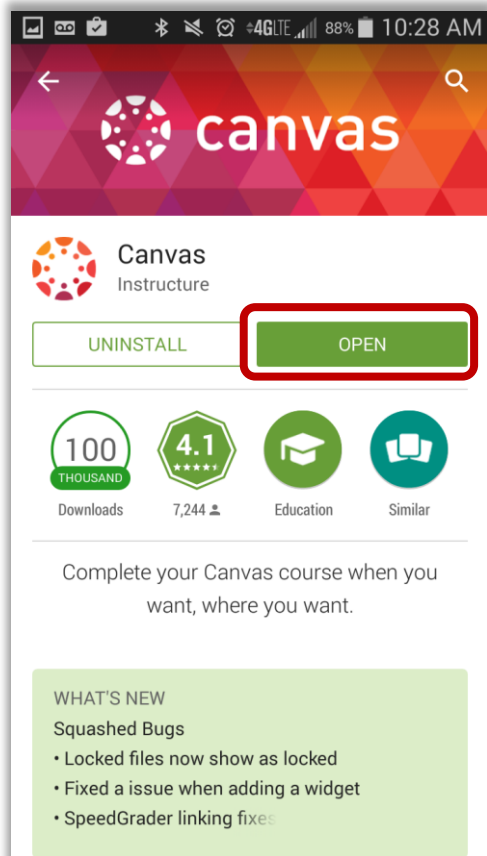

Tap the Accept button to start downloading

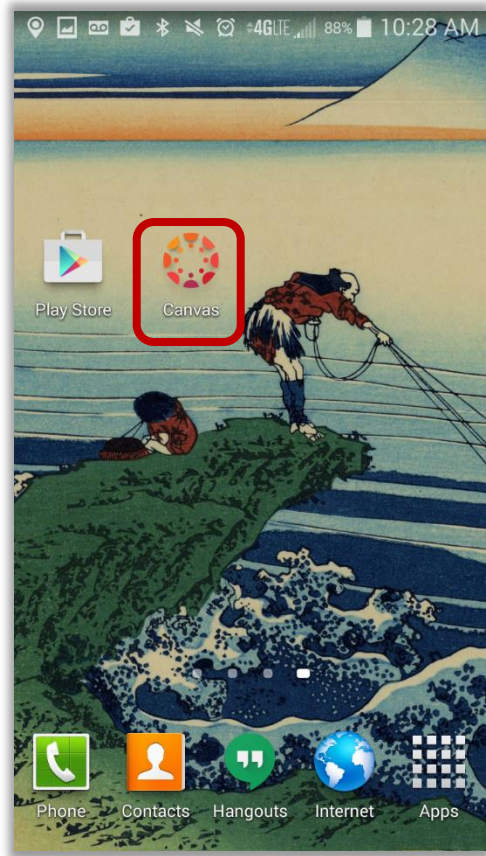

The app will download and install

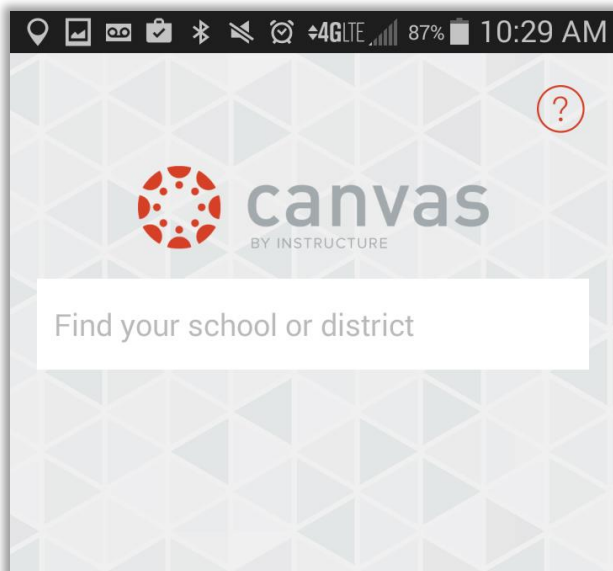

Open the app from the Play Store

Or from your phone's pages

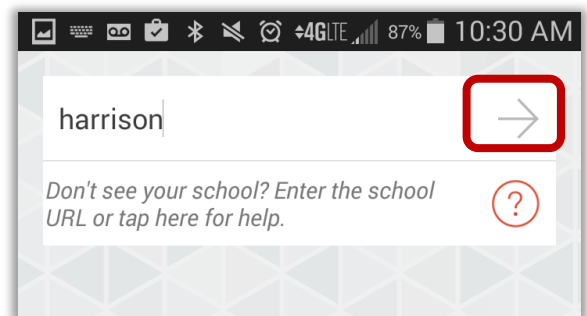

When the app opens, you will see this homepage

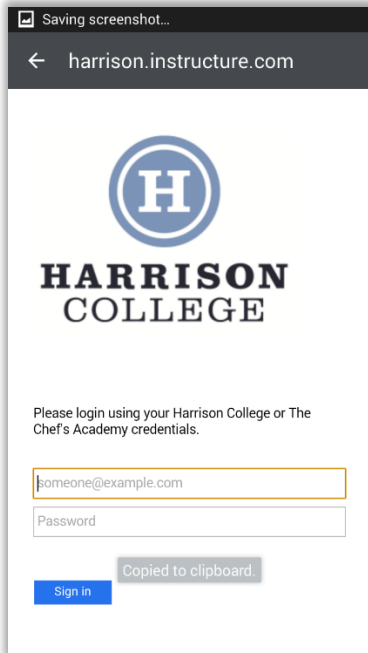

Type Harrison in the Find Your District or School Box and click the arrow

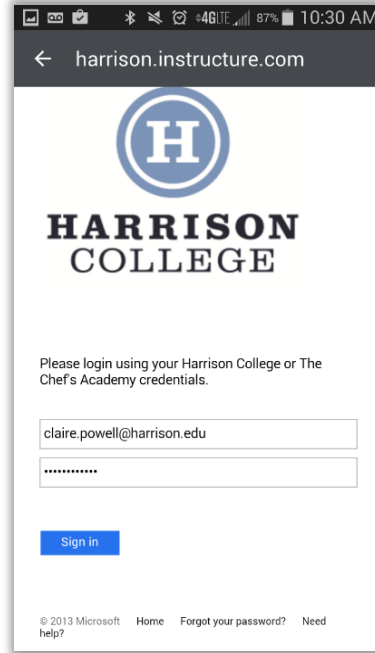

Note: DO NOT type Harrison College as this will direct you to the wrong login page

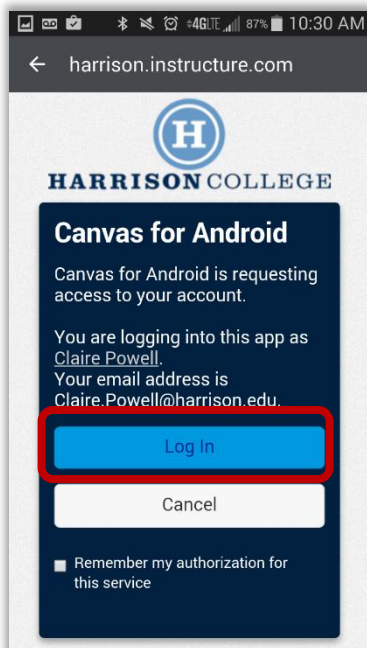

You will be directed to Harrison's Canvas page, harrison.instructure.com

Login in with your Harrison username and password

Select Login

You are in! You can now access all of your classes on the Canvas App!
